

EC-1501A-X-Lxx-Entrypad  
Color LED Screen

Push button access for every day use

SpinDial access for Xtreme situations

## ProLogic Xtreme Safe Lock

The ProLogic Xtreme is a highly advanced electromechanical safe lock system that offers advanced commercial features with mechanical redundancy.

Access assured. ProLogic Xtreme features push button code access for every day use PLUS SpinDial access when situations demand it.

### Advanced Features. Reliable.

- Push Button access: Enter your 6 digit code and turn the safe handle.
- Spin Dial Access: Dial your 3 wheel combination, and turn the safe handle. Access Assured.
- Color LED screen makes even advanced programming simple.
- TouchPad uses touch resistance technology for reliable code entry.
- Offers a broad selection of advanced commercial features.
- ProLogic Xtreme features Instant AutoLock feature which assures your safe is locked and secure, the moment you close the door.
- Every SecuRam lock undergoes a **2,000 cycle** quality management program before it leaves the manufacturing facility. Unprecedented commitment to quality and reliability.
